Replacement Power Reset LED Wire Kit for ATX Case Front Bezel

StarTech ID: BEZELWRKIT

This Power/Reset LED wire kit is suitable for replacing burnt out LEDs and switches on a PC (ATX) Case Front panel.

The five-piece kit comes with two switches (Power, Reset) and three LEDs (Power, Hard Drive Activity, Sleep). Each switch and LED is clearly labeled to make installation easy.

The replacement Power/Reset LED wire kit offers a cost-effective way to keep your ATX computer case working the way it did when first purchased, without the expense of a new case.

Applications

- System maintenance

Features

- Five piece kit
- Two case switches included (power & reset)
- Three case LEDs included (Power, Hard Drive Activity and sleep)
- Labelled motherboard connectors
